

## The Solo™ Plus Plus

For situations where a small number of laptops need to be stored in a single secure fixed cabinet, the Solo™ Plus Plus provides a totally reliable solution. This fully welded enclosure stores and recharges up to 5 laptops, multiple batteries or PDA devices and can be modified to fit to bespoke furniture. Supplied with a high security locking door.

The Solo™ Plus Plus is suitable for surface mounting and can be stacked to a height of two enclosures using suitable fixing plates.

### Key Features

- Recharging for 5 Laptops or up to 10 UMPCs/PDAs
- Anti-drill lock
- Anti-jemmy plates
- Supports all Mentor™ modules
- Desk or floor mounting
- Ideal for classrooms

### Modules

The modules for the Solo™ Plus Plus are the same as that featured in our Mentor™ range. See pages 4 and 5 of "Secure Mobile Storage & Recharging Cabinets" section of this brochure to pick and mix your Solo™ Plus Plus modules.
